COUNTY TRAILS MASTER PLAN COMMITTEE SEEKS PUBLIC INPUT

Ideas for resources, desired amenities, and photos of destinations are requested.

The Wright County Trails Master Plan Committee met with MIDAS Council of Governments (<http://www.midascog.net/>), engineers from ISG (<http://www.is-grp.com/>), and Wright County Economic Development on Tuesday, August 29th at the Clarion Public Library.

During the meeting, group members shared ideas of community assets and resources throughout the county, such as public restrooms, historic places, destinations of interest, scenic locations, and established outdoor recreation areas.

Now, in an effort to make the best master plan possible, residents of all Wright County communities are invited to provide input and collaborate with each other by going to the following website to upload ideas and photos:

<https://is-grp.sharefile.com/i/i5efb0a04df043208>

Go to the above website, create a login and password, and share away!

Please direct questions or concerns to Sara Sheller or Bryce Davis at Wright County Economic Development, 515-532-6422 or wced@co.wright.ia.us

About Wright County Economic Development: [Wright County Economic Development](#) (WCED) located in the Wright County Courthouse, is an official department of Wright County, Iowa. Created in 1987, WCED addresses the need for agricultural, manufacturing, commercial, housing, and workforce expansion.
